

ShowMe turns your iPad into a personal interactive whiteboard allowing you to easily record voice-over lessons and share them online. Drop a photo from your photo library to write over it. Erase and redraw! Your Show Me can be long or short, and you can record as many as you'd like.

How do I get Started?

- Download the Free app and create a login.
- Click the blue + Create button in the top right corner to get started.
- Hit the record button in the middle and speak loudly while writing on the whiteboard.
 - Options: Add a photo or an image as a background for your explanations.
- When you are finished, click “done” and “save as complete”.
- Click the blue “save” button.
- Follow the directions to name and publish your “Show Me”.

Learning by Teaching

Are quizzes and tests really the only way to assess students' knowledge? As teachers know firsthand, teaching a particular subject helps you better understand it yourself. By putting ShowMe into students' hands, we can use Learning by Teaching to help students truly master a topic, not just prep for it. Let your students show what they know!
